

## Premium Wood Prints Provide Elegance, Durability to Hilton Hotel in Las Vegas

Project: Hilton Hotel  
Product: Premium Wood Prints 3043 Tuscan Olivewood  
Location: Las Vegas, NV

### SITUATION

When tasked to design the lobby area of the landmark Hilton Hotel in Las Vegas, Nevada, the design team at Cleo Design looked no further than Lamin-Art's Premium Wood Print collection. Selecting Premium Wood Prints 3043 Tuscan Olivewood, a bold, exotic wood grain, the design team created a lasting impression for guests checking in.

Cleverly complimented with metallic accents and thoughtful lighting Premium Wood Prints 3043 Tuscan Olivewood enhances the simple design of the reception desk.

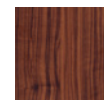

## DESIGN

As one of One of Lamin-Art's 57 Premium Wood Print designs, Tuscan Olivewood is a rich woodprint that allows designers to enjoy exotic species of wood grain without the environmental or cost drawbacks.

In hospitality environments Premium Wood Print surfaces are used on a variety of vertical and horizontal interior applications, including casinos, check-in and reception areas, concierge desk fronts, feature walls, bar and cafe areas.

From subdued to dramatic, rustic to refined, naturally warm to elegantly cool, each of our wood prints is carefully designed to truly reflect the beauty of natural wood species, including characteristics such as knots and worm tracks
